Food and Drink Policy

The Maywood Library's food and drink policy is intended to maintain a clean and pleasant environment while preserving library materials, equipment, and furnishings. We ask that library patrons take responsibility for themselves and others and use good judgment to ensure that no damage is caused by food and drink.

Patrons may only consume food in the alcove in the lower level (outside the Trinkka Room and Hackbarth Auditorium at the bottom of the stairs). Exceptions may be made for Library programs or rentals with Board approval. Water bottles are permitted throughout the building. Patrons **MUST** clean up after themselves.

Any patron who eats in the library other than the areas so designated will be asked to leave the library premises until such food is consumed or disposed of.

Approved by the Maywood Library Board of Trustees on November 8, 2023
